Section: 5511 Fundamental Subjects Exams • Total Questions: 1 • Format: Verified Q&A

### 1. The author of the passage primarily expresses opinions about which of the following?

*Symzonia, published in 1820, was the first American hollow earth novel and set the pattern for many that followed, right down to the present. It established the usual structure for such books—the trip to the pole, discovery of a land and people/creatures inside, adventures and revelations while there, and a return home, usually to ridicule and disbelief. Later books described alarming dystopias down there, but Symzonia is a voyage into a utopian world.*
