

Praxis Core Math 5733 Exam 2031

Section: 5752 Core Academic Skills for Educators • Total Questions: 1 • Format: Verified Q&A

1. The graph supports which of the following conclusions about the number of tourists?

- (A) Each year from 2007 to 2011 at least 5.0 million tourists visited Country C.
- (B) For all three countries, more tourists visited the country in 2009 than in 2008.
- (C) In 2008, all three countries had approximately the same number of tourists that visited.
- (D) For each of the years from 2008 to 2011, the number of tourists that visited Country B that year was greater than it was the preceding year.
- (E) For each of the years from 2008 to 2011, more tourists visited Country C than visited Country A.
